

# NORMA

An Elegant and Sturdy Bollard

IK05 IP65

With its square frame, matching column options, and four-way light distribution NORMA bollard is a reliable choice for pathways, landscaped areas, and other public spaces.

- Minimized glare with hidden light source
- Four-way light distribution to illuminate areas and pathways while adding a unique effect
- Different height options and matching column to complement high-end architectural projects
- Minimalistic design to blend in with different types of architecture
- Easy installation and maintenance
