NORMA

Elegant and Sturdy Light Column Family

CE   UK CA   IK05   IP65

heper

With its square frame, matching bollard options, and four-way light distribution NORMA family is a reliable choice for contemporary architectural projects.
- Minimized glare with hidden light source
- Four-way light distribution to illuminate areas and pathways while adding a unique effect
- Different height options and matching bollard to complement high-end architectural projects
- Minimalistic design to blend in with different types of architecture
- Easy installation and maintenance
